ACKNOWLEDGEMENTS

1.5 ***(Not limited to this, this is only example; students should not copy exactly by words)***

I must mention several individuals and organizations that were of enormous help in the development of this work. Professor ..... my supervisor, philosopher and personality with a midas touch encouraged me to carry this work. His continuous invaluable knowledgably guidance throughout the course of this study helped me to complete the work up to this stage and hope will continue in further research.

I also very thankful to HoP, HoD for their valuable suggestions, critical examination of work during the progress, I am indebted to them.

I am very grateful to Name of Colleagues for his positive cooperation and immense kindly help during the period of work with him.

In addition, very energetic and competitive atmosphere of the Department had much to do with this work. I acknowledge with thanks to faculty, teaching and non-teaching staff of the department, Central library and Colleagues.

I sincerely thank to Name of Director, for supporting me to do this work and I am very much obliged to her.

Last but not the least; Name of Father my father, Name of Mother my mother, constantly supported me for this work in all aspects

ABSTRACT

1.5 Abstract should introduce topic, methodology and sample results. It precisely describes the purpose of the research and methodology used.

Keywords: Minimum four words, Times New Roman 12 Regular, Justify, Line Spacing 1.5.
