Chapter 3

Introduction

This contains some introductory text.

3.1 Background

Text for the background subsection may go here.

An example of image can be found in Figure 3.1.

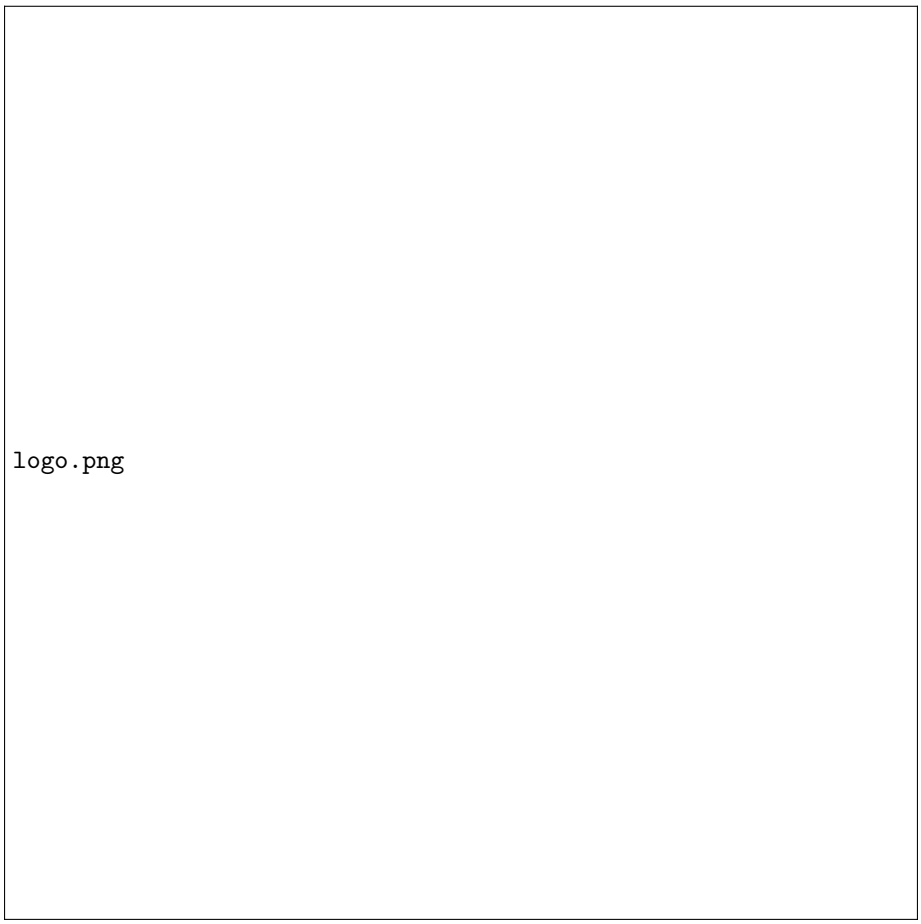

Figure 3.1: This is an example of an image with a caption.

Chapter 4

Literature Review

Discuss relevant literature here. Example of citation using te associated bib file [**?**].

Chapter 5

Methodology

Describe your research methods here.

5.1 Example Algorithm

Below is the Python code for generating a Fibonacci sequence up to a specified number n:

[language=Python, caption=Fibonacci Sequence in Python] def fibonacci(n): a, b = 0, 1 while a < n: print(a, end=' ') a, b = b, a+b print()

Example of calling the function fibonacci(100)

Chapter 6

Results

Present your findings here with tables similar to Table 6.1 and Figures similar to 3.1.

Item	**Quantity**	**Unit Price**
Apples	4	$1.50
Oranges	10	$2.00
Bananas	5	$1.75
Grapes	3	$2.50

Table 6.1: Example of a Table - you may want to use `https://www.tablesgenerator.com/` for simplicity **with booktabs style!**

Chapter 7

Discussion

Discuss the implications of your results here.

Chapter 8

Conclusion

Conclude your thesis and...

8.1 Future Works

Discuss possible future research directions.
