- insert your references using \bibitem and cite as [1] and [2]
- submit your abstract following procedure described at imampc2024.pl

The 13th International Meeting on Atomic and Molecular Physics and Chemistry, will take place in Warsaw, Poland, from 9 to 12 July 2024. This conference aims to support young researchers and foster interdisciplinary collaborations. Invited talks will be given by researchers who completed their PhD within the past 10 years. In addition, a small number of experienced researchers will deliver keynote talks, providing a glimpse into the future of our field.

The event will bring together researchers from both theory and experimentation in the broad field of atomic and molecular physics and chemistry, opening up new research directions and opportunities for collaboration. We believe that the conference in Warsaw will create a pleasant environment for fruitful discussions and inspiration.
