1 Abstract

2 Lorem Ipsum

The UiB SAMPOL Guidelines require in text citations following the format "(Name year, page)" [1,4]Source. *Please note this may be outdated.* To facilitate this, this document is set up to use '\parencite[page]{source}' rather then '\cite'.

I can't promise this will comply with your essay requirements, so please double check. Good luck on your assignment, I hope you found this helpful!
