Slide Title #1

Slide subtitle #1

- Use the `itemize` environment frequently.

Slide Title #1

Slide subtitle #1

- Use the `itemize` environment frequently.
- Use short sentences and phrases.

Slide Title #1

Slide subtitle #1

- Use the `itemize` environment frequently.
- Use short sentences and phrases.
- In this presentation we use the `\pause` macro.

Slide Title #2

- You can define the order of appearance.

Slide Title #2

- You can define the order of appearance.
- This is the second item to appear.

Slide Title #2

- You can define the order of appearance.
- Like here.
- This is the second item to appear.

Slide Title #3

- Group without title.
- Appears for all slides.

Slide Title #3

- Group without title.
- Appears for all slides.

Group title

- $e^{i\pi} = -1$.
- $e^{i\pi/2} = i$.

Slide Title #4

Example

First example.

Slide Title #4

Example

First example.

Example

Second example.

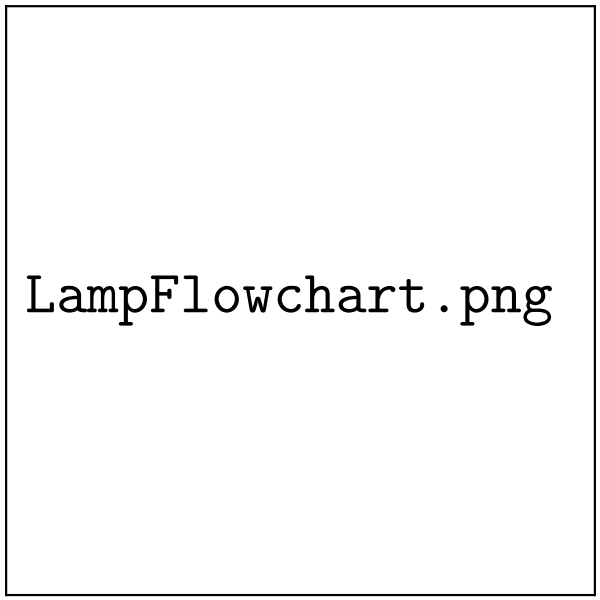

Slide Title #5

Table example

	col 1	col 2	col 3
row 1	11	12	13
row 2	21	22	23

Slide Title #6

Figure example

(source: Wikipedia)

Slide Title #7

Math examples

$$B' = -\nabla \times E \tag{1}$$

$$E' = \nabla \times B - 4\pi j$$

Summary

Attention

This is an important alert

Summary

- The first main message of our talk.
- The second main message of our talk.
- Maybe a third message, but ... no more.

- Conclusion.
- Future work.
- Discussion.
