Instructions for Preparing and Transferring Final Papers to ICDP 2019

February 19, 2025

Maximum 5 keywords placed before the abstract.

Abstract

This is where the abstract should be placed. It should consist of one paragraph and a concise summary of the material discussed in the article below. It is preferable not to use footnotes in the abstract or the title. The acknowledgement for funding organisations etc. is placed in a separate section at the end of the text. We wish you success with the preparation of your manuscript.

1 Introduction

The Proceedings produced for ICDP 2019 will contain all the papers accepted for the conference, of which submissions need to be sent (using the on-line submission system) by **3rd September 2019** and camera-ready versions of accepted papers have to be received by the organisers no later than **10 November 2019**. Papers received after that date will not be included. Papers, which appear in the Proceedings, have undergone the review process of the Technical Programme Committee of ICDP 2019. Comments of reviewers are available to the authors through the paper submission system.

Authors are asked to prepare and submit electronic versions of their full papers according to the instructions below.

2 Manuscript preparation

Full papers must be typed in English. This instruction page is an example of the format and font sizes to be used.We recommend the use of LaTeX, but MS Word users can download from the conference site these instructions in Word format. Do NOT add any headers or footers to your manuscript. Also avoid footnotes.

These are detailed instructions valid for any word processor. In the title of the paper the initial letters should be capitalised in all words except articles and prepositions (e.g.: in, a, an, and, the, there, their, do, on, of, from, with, at etc.). E.g. "Er-Doped Si Nanocrystals as a Candidate for Optical Amplification" The type should

be boldface 18pt and centred on the page. The author's name is typed in capital and lower case bold letters and centred on the page. Directly under the author's name in capital and lower case letters and also centred is the author's affiliation, address, plus email address of (at least) the corresponding author. Manuscripts must be typed single spaced using 10 point characters. Only Times, Times Roman, Times New Roman and Symbol fonts are accepted. The text must fall within a frame of 18 cm x 24 cm centred on an A4 page (21 cm x 29.7 cm). Paragraphs are separated by 6 points and with no indentation. The text of the full papers is written in two columns and justified. Each column has a width of 8.8 cm and the columns are separated by a margin of 0.4 cm. The maximum length of the full paper is 6 pages. **Do not number the pages**. The final format in which the papers will appear on the Proceedings will be a PDF file. Authors are required to send a PDF file of their final paper to be included directly in the Proceedings. All PDF files should NOT be locked and all fonts and graphics should be embedded.

2.1 Figures and tables

Figures and tables should be centred in the column, numbered consecutively throughout the text, and each should have a caption underneath it (see for example Table 1). Care should be taken that the lettering is not too small. All figures and tables should be included in the electronic versions of the full paper. We cannot guarantee that any printed version of the proceedings will use colour.

2.2 Equations

Equations should be typed within the text, centred, and should be numbered consecutively throughout the text. They should be referred to in the text as Equation (n). Their numbers should be typed in parentheses, flush right, as in the following example.

$$PA + A'P - PBR^{-1}B'P + Q = 0 \ . \tag{1}$$

3 Generating a PDF file

The PDF format will be the final format under which the papers will appear in the Proceedings. Therefore you are required to submit your paper as PDF document.

If this is not possible, Postscript format is also accepted as long as no fonts other than the recommended fonts are used.

There is a PDF size limit of 10MB.

4 Electronic submission of the full paper

The submission of papers for ICDP 2019 should be done on line at http://www.icdp-conf.org

A PDF version of your final paper is required. It should be expected that after your submission, your paper is published directly from the file you send without any further proofreading. Therefore, it is advisable for the authors to print a hard copy of their final version and read it carefully.

5 Your References

The list of references should be ordered in the same order as first cited in the text. All references should be cited in the text, and using square brackets such as [**?**] and [**?**, **?**]. We recommend the use of IEEE Transactions style for references.

Acknowledgements

The acknowledgement for funding organisations etc. should be placed in a separate section at the end of the text.

Thank you for your cooperation in complying with these instructions.
