Abstract in the main language of the article.
Word1, Word 2, Word 3

Abstract

Abstract in portuguese. (If the main language is portuguese, write this abstract in english.

Palavra1, Palavra2, Palavra3.

First section

Sections are not numbered. There are no subsections or subsubsections allowed. Please use the "*" character to organize your text

```
\section*{}
```

References follow the `abntex2cite` package.[1] For short quotations (up to 3 lines): "text up to three lines (in the .pdf file, not here)" [**?**, p. 1]. If you don't want to mention the page: [**?**]. To compile the author's surname, the year and/or page of the publication, use the command: [p. 32]template$_t est. For long quotations, use the$`quotation`$ambient$.

[3][**?**, pp. 1–2].

Second section

This is the second section. *This is an emphasis*.

Subsection

This is a subsection.

Subsubsection

This is a subsubsection.

[1] This is a footnote. See https://www.ctan.org/pkg/abntex2 for more information on the package.
